Head of School: Miss Emily Smith

24th September 2021

Dear Parents and Carers,

Next week, as part of our Science learning, we will be inviting Amy Clarke into school to share her Science expertise as a qualified Secondary Science teacher. When in school, Mrs Clarke will be working primarily with Year 5 and 6, exploring the circulatory system. Part of this will involve Amy working with some animal organs that we have sourced locally. We believe this will be an excellent opportunity to show ambitious science and begin to lay the foundations of secondary science.

We understand that not all children may feel they can participate and so we will ensure that alternative activities are provided. We also know that our Year 3 and 4 children may be interested in taking part and so wanted to ask your permission for this.

We would be grateful if you all could sign and return the attached slip, and from this, we will plan accordingly.

Kind Regards

Emily Smith

Head of School and Orchard Class Teacher

Orchard Science September 2021 Permission Slip

Please tick as appropriate:

I consent

I do not consent

to my child _____ taking part in the Orchard
Class circulatory system science lesson.
